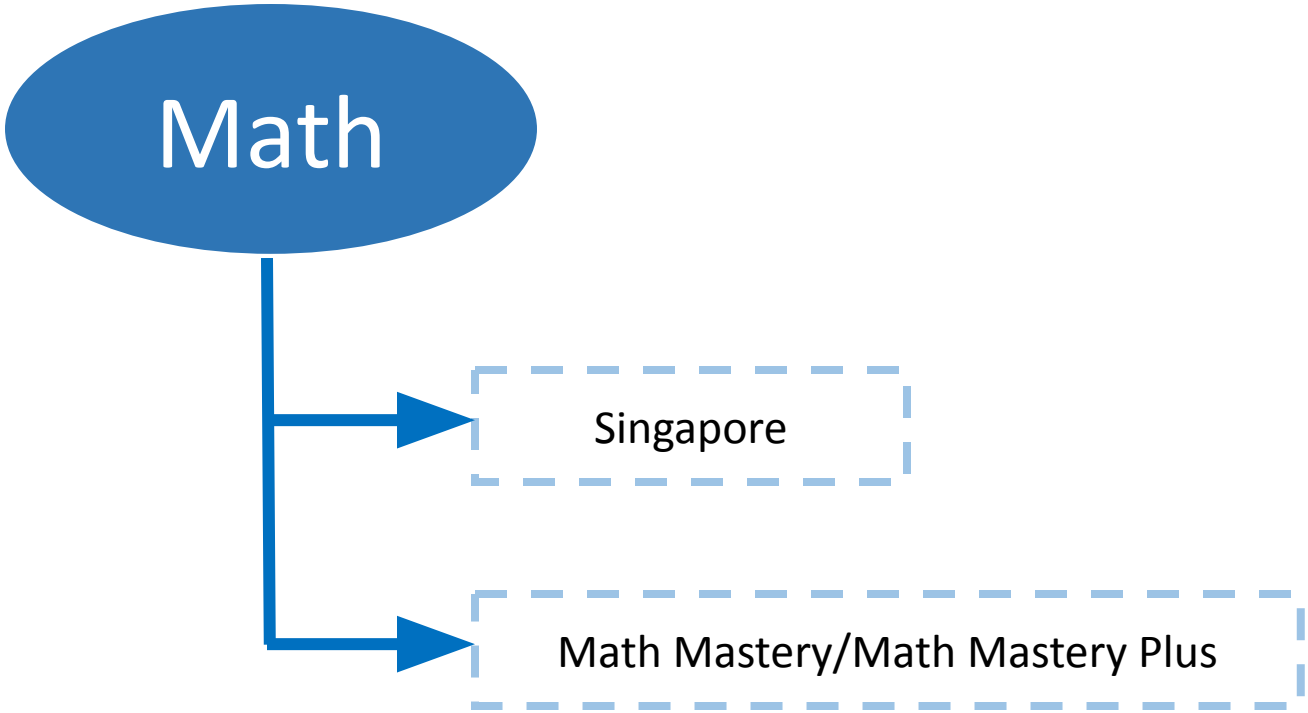
- Singapore Math vs Math Mastery

Math Products



Singapore Math Program

E2's Math courses bring math to life, nurturing confidence as students perform fundamental calculations and sharpen their problem solving skills.

6 Key Advantages/selling points of E2's Singapore Math Program

Develop **English fluency** with mathematics terminology

Hone **critical thinking and problem solving skills**

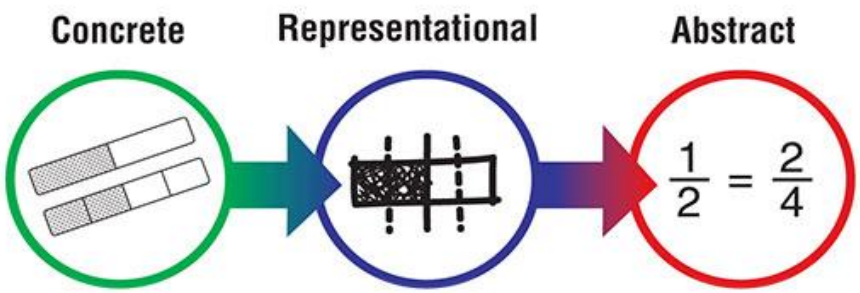
STEAM learning through stimulating real-life examples & games

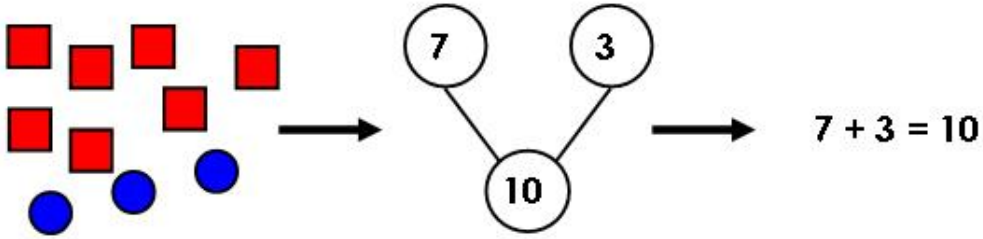
CPA model: Concrete – Pictorial - Abstract

Spiral approach building upon previous learnt knowledge, repeatedly

Mental Math and Word problems are no longer daunting

More on CPA Model





Level chart

- Each level normally takes 1 year.
- Students can be considered to be bumped up the levels if they're more advanced (based on class teacher's suggestion).
- Students may study in higher or lower classes compared to their actual ages/grades (Based on PT result).

Level	Textbook	Class	Grade
Foundation *Equips students with number fluency, critical reasoning and early problem solving skills*	My pals are here 2	Math F2	1-3
	My pals are here 3	Math F3	2-4
	My pals are here 4	Math F4	3-5
	Primary mathematics 5	Math F5	4-6
Climber *Focuses on higher-order thinking, mathematical abstraction and complex problem solving*	Primary mathematics 6 & MYP 7	Math C6	5-7
	New syllabus 1	Math C7	6-8
	New syllabus 2	Math C8	7-9
Summit / MM *Continues developing higher-order thinking to equip students with ability to interpret, analyze and evaluate more complex and applied problems*	New syllabus 3	Math S9	8-10
	IGCSE (Extended & Additional maths)	Math S10	9-11
	Varied textbooks	MM plus	10-12
	Varied textbooks	MM plus	11-12

E2 MATH

Assessment: Math F1-F5

- 03 quizzes

Assessment: Math C6 +

- 01 Midterm test (wk 6)
- 02 Final tests (wk 12 & wk 18)

Extra resources

- Kahoot
- KHAN Academy

Math Mastery

EVEREST EDUCATION

MATH MASTERY - YOUR PERSONALIZED MATH COACH

Math Mastery is a Math coaching program that allows students to study Math from either the American, British or IB Middle Year Program more efficiently. We personalize each student's learning plan and there is no limit on classroom time. The curriculum will be highly customized to fit each student's need and will help improve academic results at school. Our students are able to learn math faster than they can anywhere else.

CUSTOMIZED STUDY PLAN

Every student has a unique need - we tailor a specific study plan to help each one reach his or her objective.

INTIAL ASSESSMENT → STUDY GOAL → STUDY PLAN → LEARNING PROCESS → ASSESSMENT → MATH MASTERY → NEXT STUDY GOAL

ADJUST AS NEEDED

ALL YOU CAN STUDY

Students must attend a minimum of 2 days per week, with no maximum.

MATH CURRICULUM

- Singaporean Math: New Syllabus
- American Math: McGraw Hill
- British Math/ IB Middle Year Program: Haese Publisher

" Math Mastery helped my son build a strong foundation of Math with a great teacher. She is an inspiration for him to go study every class. "

MS. THANH HƯƠNG
- SSIS Parent -

" I like Math Mastery the most when I can work independently and the curriculum has helped me a lot with the work in my future school in America. "

DƯƠNG HOÀNG NAM
– CIS Student -

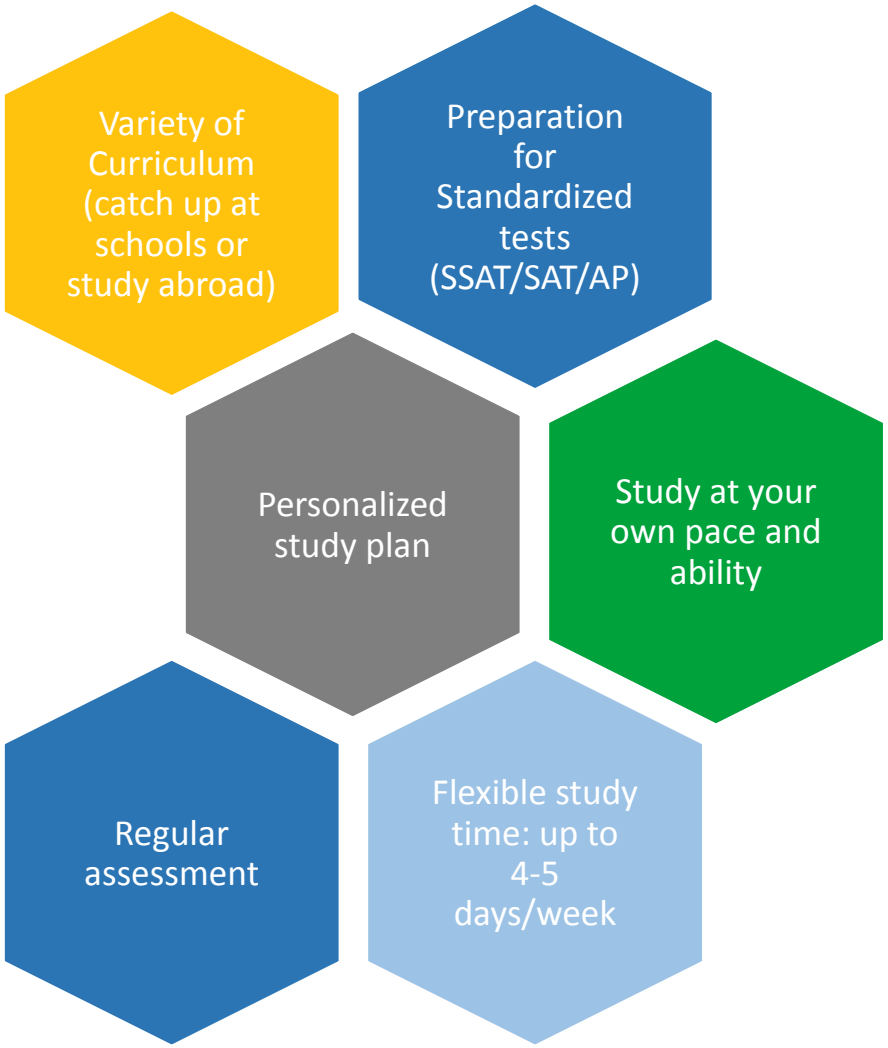
Math Programs Differentiation

	Math Mastery	Singapore Math
Purpose	Tailored to meet specific student needs and individually paced	General enrichment to help students improve skills and get ahead
Targeted students	G6 – 10 Developing / proficient English	G1 - 12 Developing / proficient English
Curriculum	- Basic level: American Math - Intermediate: British Math - Advanced level: Singapore Math	- Primary & middle school: Singapore Math - High school: IB
Class format	- Students come 2-5 times/week - 1-3 T/TA/AT vs. 3-20 students - Students work independently with their premade personalized study plans + ask for help when needed	- 2 classes/week, 90 mins each - 1T + 1 TA vs. 3-16 students - Traditional format / Station Rotation
Assessment	Unit assessments	Quiz, Midterm test, Final test
Teacher time	Average (15 – 20 mins)	Average
Level of personalization	High, but independent study required	Average
Level of study motivation	Very high	Average, but teamwork required
Sessions per week	2 – 5	2
Schedule	Most Flexible	Fixed

6 Key Advantages/selling points of E2's Math Mastery program



Requirements:

- This program is for students from G6-G10.
- Students should be very motivated, self-independent and disciplined to join the class.
- Minimum requirement: have average knowledge of Math terms in English.
- PT result & teacher's trial checklist will decide if the student fits in MM.
- Textbook: Mc-Grawhill & New syllabus, IBMYP, Pre-IGCSE (Equivalent to C6 –S9)

Thank you!
